**Subject:** Proposed COGCC cbm rulemaking (subgroup of additional regulations group) meeting

**When:** Monday, February 11, 2008 3:00 PM-5:00 PM (GMT-07:00) Mountain Time (US & Canada).

**Where:** cogcc conference room 1120 Lincoln Street Denver 80203 or teleconference see # below

Teleconference  
1-866-258-0035  
\*3017556\*

As some of you know, the topic of proposed COGCC rule making regarding coalbed methane development was to be discussed in the Additional Regulations group. Because it is a topic related to a limited number of operators in a few geographic areas, at the last Additional Regulations meeting I suggested that we create a topic specific subgroup. What the initial, predraft concept paper proposes is adopting, with few modifications, the monitoring requirements currently in place for the San Juan Basin (see COGCC Order 112-156 and 112-157 and several other subsequent orders for infill wells) as statewide rules that apply to all CBM development.

The subgroup meeting will be held at the COGCC office on 2/11/08 at 3:00 PM. Use the number provided above to participate via teleconferencing.

I will get a notice posted to the COGCC website ASAP

Please feel free to pass this message along to others who might be interested in participating. If you have any questions or comments please call me at 303-894-2100 ex 111

Regards  
Debbie Baldwin, COGCC Environmental Manager
